MUNICIPAL ELECTIONS

Battle of Ballots Held in Several States.

BIG REPUBLICAN VICTORIES.

Congressman John D. Caldwell Becomes Mayor of Cincinnati by a Large Plurality—Latest Reports From Other Ohio Cities and the Results in Other States That Held Elections.

CINCINNATI, April 3.—The election passed off here very quietly, and Congressman John D. Caldwell, Republican candidate for mayor, has been elected, together with the entire Republican ticket, by pluralities ranging from 5,000 to 7,000.

Theodore Horstman and the Citizens' ticket came in second, while the regular Democratic ticket, headed by Isaac J. Miller for mayor, ran at least 5,000 votes behind the Citizens' ticket. The Prohibitionists were not in it, polling less than 200 votes.

Northern Ohio Towns.

CLEVELAND, April 3.—Returns from northern Ohio towns show Republican victories nearly everywhere, and by increased majorities.

At Crestline the usual Democratic majority of 250 is wiped out and the Republicans win by 150.

Wapakoneta elects the first Republican mayor in years.

At Bellevue and Bucyrus, usually Democratic, the Republicans elect part of the officers.

Findlay elects a Democratic mayor, but the other officers are Republican.

At Defiance the Democrats made a clean sweep.

At Canton.

CANTON, O., April 3.—Governor McKinley came here yesterday and assisted his party to success over the Democrats, who were in control of most of the municipal offices. A water works trustee headed the ticket and Durfee Borden, Republican, was elected over Daniel Poir, the present incumbent, by about 500, which necessitated a change of about 1,000. Three members of the board of education elected at large are Republican by about 400 majority. Four out of seven Republican councilmen are elected, and the whole Republican township ticket is elected.

At McConnellsville.

McCONNELLSVILLE, O., April 3.—The Republicans secured two members of the school board, one trustee, township clerk, assessor, mayor, two councilmen, corporation treasurer and cemetery trustee. The Democrats elect one trustee, street commissioner, one councilman, marshal and corporation clerk. Ash Stewart, Republican, defeats G. H. Black for mayor by 23 majority. Enoch Dye, Democrat, is elected marshal by 138.

At Cleveland.

CLEVELAND, April 3.—Official returns from about one half the city show that the Republicans have won by pluralities ranging from 3,500 to 5,000. In the presidential election of 1892 the city went Democratic by about 4,000, and last spring the Democratic candidate for mayor had nearly 1,500 plurality. The vote was very light, the election being only for a school director and members of the school council and city council.

In Massillon.

MASSILLON, O., April 3.—Tobias Schott, Democrat, was elected mayor over L. A. Koons, Republican, by a majority of 267. For marshal, Harvey Markle is elected over Sherman Cochran, Democrat, by 322. The Republicans elect three out of four councilmen. C. P. Kline, Coxe's candidate for council, was defeated by 30 votes.

At Toledo.

TOLEDO, April 3.—The entire Republican city ticket was elected, although many of the candidates suffered reduced pluralities. The candidate for police commissioner headed the ticket, and the principal contest was made for that office. The Republicans have 13 of the 19 councilmen, and 7 of the 9 aldermen.

At Youngstown.

YOUNGSTOWN, O., April 3.—The Democratic vote in the city and county has fallen off everywhere, while the Republicans have made strong gains. Mayor Miller, Republican, has over 2,000 plurality. The normal Republican majority is about 200.

At Mansfield.

MANSFIELD, O., April 3.—The Republicans won a notable victory here, electing their entire township ticket for the first time in the history of the city, and making surprising gains in the council and board of education.

In Lima.

LIMA, O., April 3.—The entire Republican city ticket is elected for the first time in many years. Pluralities range from 100 to 200. Republicans also elect five out of seven councilmen.

In Dayton.

DAYTON, O., April 3.—The Democrats re-elected Mayor McMillen by 859 and carried all their city ticket. With the holdovers the Democrats also have the city council and school board.

At Alliance.

ALLIANCE, O., April 3.—Alliance elected a complete Republican ticket by majorities averaging about 700. T. S. Trescott is elected mayor by 1,008 over John Joseph.

In Columbus.

COLUMBUS, O., April 3.—Fifty out of 75 precincts gave Martin, Democrat, for police judge 4,674; Bigger, Republican, 6,942. Bigger's plurality estimated at 2,000.

MICHIGAN.

Returns Show Almost Universal Republican Victories.

DETROIT, April 3.—Returns from the municipal elections throughout Michigan show almost universal Republican victories where the fields were considered doubtful, and the capture of a number of Democratic strongholds in addition. Whether local or national issues were involved, the results appear about the same.

In Grand Rapids the entire Democratic ticket was badly defeated, although a supposedly popular ticket had been nominated and the city was considered normally Democratic. Ten out of 13 aldermen elected are Republicans.

In Saginaw the Democrats elected mayor by 46 plurality. Republicans elect the other officers and all save one alderman.

In Bay City Democrats elect recorder and only two of 12 aldermen.

Republicans made clean sweeps in St. Joseph, Benton Harbor, Kalamazoo, Adrian, Ann Arbor, Battle Creek, Cadillac, Big Rapids, Jackson.

At Holland Democrats elected mayor by narrow majority.

Lansing Democrats elected city officers except mayor and gained control of the common council.

At Marshall the victory is narrowly divided.

Grand Haven Republicans get the principal offices, except marshal.

At Muskegon the Republicans gained a clean sweep.

In the smaller towns and townships the returns thus far received also show very decided Republican gains and victories in most cases.

No election was held yesterday in Detroit, the municipal elections taking place here in the fall.

Labor Candidate Elected.

IRONWOOD, Mich., April 3.—Dr. E. A. Anderson, Union Labor candidate, was elected mayor of this city by an overwhelming majority yesterday.

MINNESOTA AND THE DAKOTAS.

How the Municipal Contest Resulted in the Northwest.

St. PAUL, April 3.—Municipal elections were held yesterday at a few points in this state and the Dakotas, but this state has no regular municipal election day, the elections being scattered all through the year.

At Yankton, the capital of South Dakota, the straight Republican ticket was elected with the exception of one alderman.

At Wapeton, N. D., for the first time in many years, the Republicans carried the city elections.

At Litchfield, Minn., the fight was on the question of license for the liquor traffic, and the license proposition and ticket carried by 60 majority.

No license carried at Winnebago City, Minn., by 61 majority and the entire temperance ticket was elected.

Dodge Center did not vote on the question of license and will continue its previous policy of no license.

At Henderson the fight was in favor of securing electric lights and issuing bonds for that purpose. The elected ticket was pledged to that end.

License carried at Lanesboro by 57 majority.

Iowa.

DES MOINES, April 3.—The Republicans elected their city ticket yesterday from majorities from 1,000 to 1,500. They also elected eight of the nine aldermen.

At Keokuk the Republicans elected their candidate for assessor and three aldermen. The Democrats secured four aldermen.

At Dubuque the Democrats elected their entire city ticket and all the aldermen. A year ago the Independents carried the city by a large majority. The passage of the Milet tax law by the legislature was one of the chief causes of the reversal.

Connecticut.

HARTFORD, April 3.—The city election resulted in a Republican sweep of such proportions as Hartford has not seen for many years. The entire Republican city ticket is elected with the exception of Collector Browne, and both boards of city government are Republicans.

At Bridgeport the election resulted in the selection of a Democratic council. Over 100 women took advantage of the new law and cast their ballots.

At Stamford the entire Republican ticket was elected except three ward councilmen.

Woman Suffrage Wins.

NORTONVILLE, Kan., April 3.—The Independent city ticket nominated in favor of woman suffrage was elected today by a large majority. Two-thirds of the women of the town voted.

Texas Coal Mines Suspended.

DENISON, Tex., April 3.—Work in the territory coal mines has suspended, though a strike is not declared. The men refuse to accept the cut, but neither camp seems to want to take the initiative of inaugurating a strike, which may result disastrously. It is probable a conference will be held in the next two days. It is impossible to foretell the result.

Locked Up For Safety.

HELENA, Ark., April 3.—Professor E. E. Beardon, a married man and school teacher, eloped last night with Miss Pearl Pointer, his pupil. A party of indignant citizens gave pursuit. They caught the couple at Holly Grove, where, to prevent the professor from being mobbed, he was locked in jail.

Chicago Plumbers Strike.

CHICAGO, April 3.—Fifteen hundred plumbers struck yesterday because of a proposed reduction of wages. This swells the number of strikers to the neighborhood of 5,000 men, including painters, bricklayers, machinists, iron, steel and brass workers.

CENSORSHIP OF NEWS

Governor Tillman Passes on All Telegrams.

SENSATION AT COLUMBIA, S. C.

The Newberry Rifles Refuse to Obey the Orders of the Governor and Resign—The Governor Refuses to Accept the Resignation and Dismisses the Entire Company. No Further Bloodshed.

COLUMBIA, S. C., April 3.—There is no warlike aspect about the capital city, and everything is peace. The guards at the executive mansion have been withdrawn, all the local militia are giving up their arms and Governor Tillman himself says: "The worst is over, and order now reigns."

The governor has had offers of their services from several outside military companies, all of which he has declined.

The telegraph censorship has not been discontinued, but the governor himself passes upon all telegrams, rejecting some and changing others. The sensation of the day here was the refusal of the Newberry rifles to remain stationed at the telegraph offices to supervise the telegrams and their notice to the governor of their resignation.

At a dress parade yesterday of troops stationed here the following letters were read by Judge Advocate John Gary Evans:

COLUMBIA, S. C., April 2, 1894.

To His Excellency B. H. Tillman, Governor of South Carolina:

DEAR SIR—I have the honor to inform you that we, the Newberry rifles, have performed the duties assigned us, that of guarding the statehouse and telegraph offices. The latter duty being exceedingly distasteful to the entire command, and as the company responded to your order to appear here, under the belief that they were needed for the purpose of protecting life and property and not for the purpose of exercising a scrutiny over the private affairs of the citizens of South Carolina, a duty not only distasteful, but in judgment of the company, unnecessary and calculated to irritate the people the more under the present state of affairs, the members of the company not caring to be subject to such orders in the future, beg leave herewith to tender their resignation and to say that their arms, etc., are at your command.

S. J. McCAUGHEY,

Captain Newberry Rifles.

HEADQUARTERS, EXECUTIVE MANSION, COLUMBIA, S. C., April 3, 1894.

To Captain S. J. McCaughey, Commander Newberry Rifles:

SIR—Your communication of this date has just been received. Under the laws of South Carolina the governor is clothed with discretion and power to call out the militia whenever in the judgment of the governor it may be necessary, and when so called into the service of the state the militia shall be subject to the same rules and articles of war as troops of the United States. The action of your company and your daring to send it to me under these rules is mutiny and an insult to the commander-in-chief, who has given his commission by the people.

The duty of the soldier and the militia as soldiers when called into service is blind obedience to their superiors and not to question them in any degree. You have failed to learn the first lesson, and I will make of you and your company an example. Your resignation is not accepted, but you are dismissed from the service of the state, as unworthy to wear its uniform. The arms and other state property in your possession will be delivered to Colonel John Gary Watts, assistant adjutant and inspector general, and you can depart to your homes.

You do not deserve it, but I will pay your hotel bill, and I trust that I may never be bothered with any more such bandbox and holiday soldiers.

B. H. TILLMAN,

Governor and Commander-in-Chief.

The reading of the governor's reply to McCaughey brought deafening applause from all who were supporters of the governor. Their enthusiasm was so great that they continued to cheer loudly for "Ben Tillman" after marching back into the penitentiary grounds.

Governor Tillman was asked by the correspondent of the Associated Press how long he would keep the state troops at Darlington. He replied that his intention was to see that the constables obtained fair play at the inquest over the bodies of the men who were killed last Friday. He did not propose to let the constables appear there without military protection. He further stated that the troops would be held under arms until the raiding of Florence and Timmonsville dispensaries had been investigated. The governor declared that he will hereafter enforce the dispensary law more rigidly than ever.

Everything Quiet at Darlington.

DARLINGTON, S. C., April 3.—There is but little news to be given out from Darlington as absolutely nothing of a startling or even an interesting nature has occurred. There is not a more quiet town in the state. The town is still under martial law and the troops are still here and they have marched and drilled all over the town, but that is all they have done. The town is again taking on its usual every-day appearance and the business houses are open and trade is being conducted as quietly as formerly and if it were not for the presence of the military the town would present its ordinary appearance.

Death of Dr. Brown-Sequard.

PARIS, April 3.—Professor Brown-Sequard, the eminent physician, is dead. He was noted for his successful treatment of Charles Sumner. In his declining years he invented a so-called elixir of life, which for a time created a sensation in the medical world, but proved of little value.

A FEW BILLS INTRODUCED.

Film Attendance at the Short Session of the Ohio House.

COLUMBUS, O., April 3.—The house met at 4 o'clock, but only a few members were in attendance. A few bills were introduced and adjournment taken. The senate was not in session.

As soon as the journal was read, in accordance with the Brittain resolution Clerk Malloy appointed William E. Evans of Scioto county and Bert Neal of Miami county as the extra clerks until the close of the session.

Mr. Griffin had his amended free schoolbook bill made a special order for Wednesday of next week at 10:30 a. m.

Mr. Griffin introduced a bill which supplements the chapter of the statutes regulating damage. It provides that when the commissioners of one or more counties in building a ditch through marsh land can reclaim the same by building a dyke, they can build the dyke and assess the cost on the property benefited.

Mr. Doty, the Cuyahoga statesman who was responsible for the meeting of the house on election day, was on hand with a couple of general bills. The first makes it mandatory for the supreme court to report all its decisions whether made in disposing of a motion or otherwise. The other bill provides that every instrument coming into the recorder's office shall be consecutively numbered and filed in an index book within 24 hours.

Mr. Taylor introduced a bill amending the Workman school law by providing that the director shall have power to employ, under such rules and regulations as the township board of education may prescribe, the necessary teachers for his subdistrict, and for sufficient cause may dismiss the same.

PATRICK WALSH A SENATOR.

He Is Appointed to Succeed the Late Mr. Colquitt.

ATLANTA, April 3.—Governor Northen has appointed Patrick Walsh, editor of the Augusta Chronicle, United States senator, to succeed the dead Senator Colquitt.

Patrick Walsh has been for years a prominent figure in Georgia and held in general esteem all over the south. He has never sought public office before. His time has been given to his newspaper, which he has been conducting for more than a quarter of a century. He is known to the people of the south because of his philanthropy and patriotic efforts to advance industrial and commercial interests of his section. He is imposing of figure on the rostrum. He is a ready and extemporaneous speaker and eloquent on all occasions.

He organized and carried through to success the industrial exposition of the south and the Georgia state fair which was held at Augusta, Ga., last fall. He was a national commissioner-at-large from Georgia to the world's fair at Chicago.

Mr. Walsh is 54 years of age. In manner he is strictly courteous, always approachable, seemingly differential or conciliatory. His speeches are noted for their bold denunciation of sectional animosities in the south or north.

STEAMER EMS SAVED.

A Broken Propeller Accounts For Her Long Delay.

FAYAL, Azore Islands, April 2.—The North German Lloyd steamship Ems, Captain Reinkasten, from Bremen March 17, and Southampton March 18, for New York, now several days overdue at the latter port, was towed in here by the British oil tank steamer Wildflower, Captain Livingstone, from Wilmington, Del., on March 19, for Blaye, France.

The steamer Ems had lost her steering shaft and her rudder frame was also badly injured. The Ems was leaking on March 27, when the Wildflower was sighted. This was about 700 miles from the Azore islands, for which land the disabled steamer was working very steadily under the small amount of sail she could spread.

The damage to the steamship occurred on March 21, when about five days out from Southampton where she experienced most severe weather when in latitude 43.45 north and longitude 41 west.

Though the Ems was leaking, her steam pumps prevented the cargo or the mails from suffering and also kept down the water below the danger limits.

The passengers are all well and express themselves delighted at having reached a port of safety.

ON GRIMES' FARM.

Coxey's Commonwealmers Pitch Their Tents in Pittsburg's Fashionable Suburb.

SEWICKLEY, Pa., April 3.—The commonweal army encamped 12 miles from Allegheny City, after a long march of 18 miles, and pitched their tents on Grimes' farm, in the heart of Sewickley, Pittsburg's fashionable suburb. The residents flocked out, curious to see the notorious commonwealmers, who looked even rougher than usual after the sweat and dust of the long march.

The Aliquippa steel works drum corps and an escort of 61 workmen headed the army into Economy. At Sewickley no donations were made and not even a hall could be secured for the lectures. So the meeting was held in the open, and the men spent another night under canvas.

Judge Stowe of Pittsburg and Mr. D. C. Herbst of the Standard Oil company ventured into camp at supper time. The Unknown, after being told who they were, ordered them out, insulted and finally compelled them to leave the grounds.

Two Killed and Several Injured.

CHICAGO, April 3.—Two immense Hopper scales, filled with wheat, on the ninth floor of the Chicago Dock company's warehouse, collapsed yesterday afternoon, killing Thomas Keller and Peter Thompson. Several other workmen were painfully injured.

FIRST SPEECH MADE.

The Tariff Debate Now on the Senatorial Sea.

SPEECH OF MR. VOORHEES.

Unusual Interest Taken in the Remarks Made by the Chairman of the Finance Committee—A Two Hours' Talk on the Subject—The House Filibustered For Over Five Hours.

WASHINGTON, April 3.—The principal interest in the senate centered in the speech of Senator Voorhees, the chairman of the committee on finance, who thus launched the tariff question upon the sea of senatorial debate. While his speech was read from manuscript, it was delivered with all the fiery energy which characterized his usual extempore efforts.

There was an unusual full attendance both on the floor and in the galleries and the conclusion of the speech was greeted with a hearty burst of applause. He lauded the Walker tariff bill of 1848, as "blessed and glorious memory," and regretted exceedingly that this bill did not more closely resemble it. He vigorously defended the income tax feature and the free wool clause, and as vigorously condemned the sugar bounty and reciprocity features of the McKinley bill, the former being characterized as "a jumble and a fraud." The latter, as "an unconstitutional freak." He called attention to the fact that yesterday was the 150th anniversary of Thomas Jefferson, "that great emancipator of mankind," and quoted extensively from Mr. Blaine's "Thirty Years in Congress."

A few minutes before 4 o'clock Senator Voorhees concluded his speech, which had lasted nearly two hours. As he took his seat a wave of applause swept over the gallery, which the vice president had some difficulty in quelling.

Owing to the lateness of the hour, Senator Allison, who had intended to follow Senator Voorhees, yielded for an executive session. As the bill introduced by Senator Morgan to carry out the awards of Behring sea tribunal had not come back from the printer, that, too, went over temporarily after being called up, and Senator Morgan consented to the executive session.

After being in executive session an hour and a quarter the doors were reopened and at 5:25 p. m. the senate adjourned.

In the House.

WASHINGTON, April 3.—For five hours rollcall followed rollcall in an endless attempt to bring the Republican filibuster against the O'Neill-Joy contested election case to a close, but at no time were the Democrats able to muster a quorum and the fight was finally abandoned for the day. One hundred and seventy was the highwater mark touched by the Democrats on any rollcall. This is 9 short of a quorum. About 10 Democrats are voting on every rollcall against O'Neill and three from his own state. At 4:35 the house adjourned.

CROP BULLETIN.

Monthly Report Issued by the Weather Bureau at Washington.

WASHINGTON, April 3.—The monthly crop bulletin issued by the weather bureau says that unusually warm weather prevailed during the first three weeks of the month, during which occurred the highest temperature recorded in March since the establishment of the weather bureau, over a large area in the southern and middle Atlantic states.

This warm period was followed by the most decided cold wave of the month, which carried the line of freezing weather southward to the gulf coast and caused frosts which proved injurious to fruits and vegetation over the agricultural districts over the central valleys and eastern states.

The last decade of March, 1894, was characterized by the most remarkable temperature extremes occurring in March that have been recorded since the establishment of the weather bureau. Within six days over a large portion of the country east of the Rocky mountains both the highest and lowest temperature yet observed during March were reported.

Concerning these remarkable periods of high and low temperatures special bulletins were issued by the weather bureau. Special efforts have been made to determine the extent of damage resulting from these frosts and freezing weather, and show that not much damage has been done in New England, New York state and Pennsylvania.

In New Jersey, Maryland, Virginia, North Carolina, South Carolina and Georgia most early fruits and vegetables are greatly damaged and in the southern states entirely killed.

In Florida the crops were only slightly injured, no harm being done south of Gainesville.

Mississippi crops retarded but not seriously injured.

Louisiana and Texas, fruits suffered in northern portions and crops generally retarded.

Arkansas, garden vegetables and all fruits except late apples killed.

Tennessee and Kentucky, fruits ruined, gardens damaged, wheat and oats not generally damaged.

Missouri, fruit greatly damaged, early vegetables killed, wheat and clover injured.

Illinois and Indiana, reports very conflicting. Fruits seriously damaged if not killed. Early vegetables affected injuriously.

West Virginia, immense damage to fruits. Some wheat and oats frozen.

Ohio, early vegetables killed, fruits believed to be safe.

Michigan, Wisconsin, Minnesota, Colorado, Montana, New Mexico, Washington, California and Idaho, no damage.

THE Mt. Sterling Sentinel-Democrat wants the Democrats of this district to nominate F. M. Ewing, of Bath, for Congress. Mr. Ewing is no doubt an excellent fellow, but the Democrats of the Ninth are not apt to consult our good brethren of Mt. Sterling when it comes to selecting a nominee.

Mrs. Charles Dawson arrived home Monday after an extended visit at Decatur, Ill.

Mr. A. H. Calvert and wife, of Lewisburg, will leave Wednesday for a sojourn at Asheville, N. C.

Hon. R. K. Hart, next Congressman from the Ninth district, was in town Monday and left in the afternoon for Louisville.

Hon. Green R. Kellar, of Nicholas, one the candidates for State Railroad Commissioner, was in town Monday, and took a run down to Augusta in the afternoon.

Mr. S. P. Baird, of Carlisle, returned home Monday afternoon, after spending a day or so with Mrs. Baird, who is visiting her sisters, the Misses McCullough. Mrs. Baird will remain here the rest of the week.

Hon. J. T. Simon, of Cynthia, Commonwealth's Attorney of the Nicholas-Harrison district, was in Maysville Monday. Mr. Simon contemplated making the race for Congress, but has concluded to stay out of the fight.

THE NEW ROAD LAW.

Shall We Have District Supervisors or a County Supervisor?

Editor Bulletin: The people of Mason County want good roads. They are willing to be taxed to supply these roads provided the levy is restricted to the actual requirements of the roads judiciously managed. The new law provides that the fiscal court of each county shall elect a County Supervisor of Public Roads, or district Supervisors, as it may decide, and fix the compensation, a decision which will be determined by our Magistrates this week, wisely and discreetly it is hoped.

The selection of a County Supervisor means foisting upon the people an additional salary officer at a fixed compensation to be met by additional taxation. By some, \$600 per annum is regarded reasonable, and perhaps it is; but will not a better system of roads be provided under much better management and more economically administered by district Supervisors? Should the court allot one Supervisor to each Magisterial district as now constituted at a compensation of \$1.50 per day when actually engaged, every requirement of the law could be met, every road overseer would be under the surveillance of a district boss, every complaint could be lodged and adjusted with quick dispatch and a more perfect and thorough discipline maintained in the government of our roads than if placed under the control of one individual. There is not a district in the county whose roads could not be inspected in ten days; allowing ten days more for settling controversies and disputes we have a total of twenty days work for each Supervisor at \$1.50 per day, or \$30 per year.

As incorporated towns are exempted from work under the law the two districts comprising Maysville will be exempt, leaving six districts in the county to be supplied, which will make the total cost of Supervisors for the whole county \$180 per year, or but little in excess of that amount.

Possibly there are members of the court who will scoff the idea of making the compensation so meager and unremunerative, but unfortunately we all do not belong to that high order of dignitaries whose circumstances enable us to be exacting in such matters. There are scores of good farmers, reliable farmers, farmers of practical ideas in every part of the county who have at heart the interest of road improvement and who will accept these positions for \$1.50 per day, and feel amply remunerated in these degenerate times of hard-pan and shake-down. The people everywhere are beseeching their representatives for lower taxes. The merchant, the mechanic, the farmer and the banker all join in the chorus. Will our Magistrates hearken to the voice of the people in this matter? We pause for an answer, FARMER.

MAY NINTH.

That is the Date Fixed For the Democratic Congressional Convention.

Maysville Chosen For the Place of Meeting—Counties to Select Delegates May 5.

Pursuant to call, members of the Ninth Congressional District Democratic Executive Committee met at Maysville, Ky., Monday, April 2, 1894, for the purpose of determining time and place for holding convention to select a nominee to be voted for at approaching November election.

The meeting was called to order by Hon. C. B. Poyntz, Chairman, and J. N. Kehoe was selected as Secretary.

A call of counties showed all represented except the county of Carter.

On motion it was ordered that a convention meet at Maysville, Ky., Wednesday, May 9th, 1894, at 11 o'clock a. m., for the purpose of selecting Democratic nominee to be voted for in said district at November election, 1894.

On motion, it was further ordered that Democratic conventions be held in counties comprising said district, Saturday, May 5, 1894, at 2 o'clock p. m., for purpose of ascertaining choice of said counties for said position.

It was further ordered that each county committee shall determine the kind of convention (whether precinct or mass) to be held in their respective counties, and the Chairmen of said committees are hereby directed to assemble their committees for said purpose.

On motion, the Democratic papers of the district were requested to publish proceedings of this meeting, and the meeting then adjourned.

SLEEVES STILL SWELLING.

They Are Steadily Becoming More Ample. Fashions of the First Empire.

The taste for all that recalls the time of the first empire has had a marked effect upon interior decoration. The rigid forms of furniture that characterized that epoch have been revived and are seen in white and gold or in mahogany upholstered in the green, red or yellow damask then popular.

RECEPTION GOWN.

lar. But the revival has stopped at the verge of the dominion of dress, and there seems to be no prospect of the adoption of the empire gown in its genuine short waisted form. The prevailing influence is shown only in subordinate ways that do not materially affect the stiff corseted mode to which we are accustomed. Not only is the empire fashion a trying one for many women, but the eye has become so used to the long bodice contracting below the bust that it refuses to recognize the beauty of the high girdle.

For instance, in the novel ball costume illustrated, an empire flavor, as it were, is given by the full drapery across the bosom and the cut of the top of the sleeve, which allows it to fall below the point of the shoulder, but the tight modern waist is retained, which at once robs the gown of any historically distinctive character and leaves the field open to the free play of fancy in regard to the other features. The skirt is bell shaped and is made of satin soleil. It is cut in deep slashes, which open to display a flounce of mechin lace over cream satin. Chains of pearls are festooned around the skirt, fastened at the top of each slash by an amethyst cabochon surrounded by brilliants. The top of the skirt is caught up in front by a cabochon and forms panther-like puffs over the hips where it meets the bodice. The lower part of the bodice is of lace, while the balloon sleeves and the drapery across the bust are of liberty velvet. The corsage, like the skirt, is ornamented with a garniture of strings of pearls, secured at the bosom and on the top of the sleeves by cabochons.

Sleeves are seen on all the décolleté corsages and show no indications of diminishing. If there is any change, they are becoming more ample. The shoulders are usually finished with butterfly knots of ribbon, or wide bertha trimmed with lace are gathered full at the top of the sleeve and allowed to fall over it. Bretteles and rosettes are also used on evening toilets. Brilliant effects are sought after just now; hence the popularity of satin and moire and the adoption of galloon of various sorts as a garniture.

Huntington Township Democrats Suffer Their First Defeat in Years. Monday's Election.

Municipal and township elections were held Monday throughout Ohio. The result at Aberdeen was somewhat of a surprise. The Democrats of Huntington Township suffered their first defeat in years. True, they saved a part of their ticket, but the township has heretofore been solidly Democratic. The town of Aberdeen has generally been about evenly divided politically, and the result of the municipal fight is not as much of a surprise as the result on the township ticket. Following are the figures:

Cincinnati Tobacco Market.

Furnished by Cincinnati Leaf Tobacco Warehouse Company.
We are obliged to report a very irregular market the past week. Prices fluctuated from the beginning of the week to the close. Buyers have been careless in their purchases, although at times the competition would advance prices and the sellers would accept. Then again, the same grades and quality would be neglected and knocked down at figures that would be rejected without thanks. Low grades are still taken at full prices, while the mediums are a shade easier. There is such a scarcity of fancy grades that it is a hard matter to quote any reliable market, and therefore a competition exists that always proves satisfactory to sellers. Considerable old tobacco has been offered the past week, composed of the better grades, but prices have not advanced in proportion to the quality of the tobacco, as it brings only a small advance over the lower grades, and this is conclusive evidence that our manufacturers are not using the best very freely at present, but are in competition to see who can make the biggest piece for a nickel, which works very nicely in conjunction with the present crop of tobacco.

The cold snap has proven a great detriment to our farmers, as it has killed a large portion of the fruit as well as the tobacco plants. We made inquiries around the country, and find that a great many plant beds are totally destroyed, while some are saved. It is very fortunate that the season is no further advanced, as new beds can be sown and plants grown in time to remedy the misfortune.

Sales for this week will be as follows: First, Walker; second, Morris; their Miami; fourth, Globe; sixth, Bodmann; eighth, Independent; ninth Cincinnati.

R. K. HART.

He Formally Announces Himself As a Candidate For Congress in the Ninth.

A Democrat Who Has Been Honored Time and Again By His Home County.

Hon. R. K. Hart, of Fleming County, is formally announced elsewhere in this issue as a candidate for Congress, subject to the action of the Democratic party.

Mr. Hart has been an avowed candidate for the position for some time, and so well has he conducted his campaign for the nomination that he now has the fight practically won. This appears to be generally conceded.

Most everybody, Republicans especially, expected to witness a lively scramble for the Democratic nomination, and our friends, the enemy, are no doubt greatly disappointed that, from present indications, the approaching Democratic convention will be characterized by unanimity and harmony.

Mr. Hart is one of Fleming County's most successful and most highly esteemed citizens. This is attested by the fact that his friends and neighbors and his fellow-citizens of Fleming have elected him three times in succession to represent them in the Legislature. Previous to that he was honored with other positions at their hands. In all of these the trust reposed in him has been conscientiously and faithfully guarded, and his record is one that he can point to with pride, one that commends him to the people wherever he is known.

Mr. Hart's primary education was in the school of "Uncle" Pat Samuel, who taught with great success at Poplar Plains until his death. Later Mr. Hart attended the National Normal School at Lebanon, O., and then took a course at the Kentucky University in Lexington.

By education and by his long experience in the General Assembly of the State Mr. Hart is well fitted to represent the Ninth district in Congress with credit to himself and his constituents.

County Court.

The liquor license of Oliver Greenlee was transferred to J. W. Wells.

Bort L. Pearce tendered his resignation as Deputy County Clerk, which was accepted.

John Hayes, Martin Wall and N. Gollenstein were each granted license to retail spirituous, vinous and malt liquors at their respective places of business.

An inventory and appraisement of the personal estate of C. W. Wardle and an allotment to the widow of said deceased were filed. The appraisement amounted to \$716.90 and out of this \$585.75 was allotted to the widow and infant children.

H. V. Riggen qualified as trustee of A. Gardner, with A. R. Glascock and H. C. Barkley as sureties. Appraisers: W. T. Pollitt, John McIntyre and W. T. Prather.

Death of Addison Brown.

Mr. Addison Brown, who had been in feeble health for over a year, died Monday morning about ten o'clock at the home of his half-sister, Mrs. John R. Rudy. Deceased was born Sept. 24th, 1843, and his life was spent in Maysville. He was a man of kindly disposition, and had many friends. The funeral will occur Wednesday at 2 p. m. at Mrs. Rudy's residence. The services will be conducted by Rev. T. W. Watts, assisted by Rev. K. G. Patrick.

THE FIVE MEETINGS.

Second Day of the Big Revival—The Services Growing in Interest.

Mr. Fife was greeted with another large audience last night. The house was filled almost to its utmost capacity. His subject was the "Believer, What He Was and Is." It was handled as only a man redeemed by grace could handle such a subject. The speaker was wonderfully in earnest and some parts of the sermon was thrilling. His dream of the coming of Christ in the storm cloud was told with wonderful power; and his appeal, "God save the drunkards and gamblers of Maysville!" touched many a heart.

Let the people hear him for he is a "chosen vessel of the Lord." Six years ago on yesterday he was rescued from a drunkard's hell, and since that day God has signally blessed him in saving thousands of souls.

TAMME-HIGGINS.

St. Patrick's Church the Scene of a Pretty Wedding at Ten This Morning.

St. Patrick's Church was the scene of a pretty wedding at 10 o'clock this morning, in which the happy couple were Miss Frances Higgins, of this county, and Mr. William Tamme, of Bourbon. The groom is a prosperous young farmer and recently moved from Mason to his present home.

The attendants were Miss Mamie E. White, of Cincinnati, and Mr. Henry Wiggins, a young druggist of Portsmouth. Ushers, Mr. Frank O'Donnell and Mr. John Higgins, brother of the bride.

The bride, a pretty brunette, was handsomely attired in white brocade silk, trimmed in point lace. She carried a magnificent bouquet of Bridal roses.

The bridesmaid, a charming and accomplished young lady, looked very dainty and sweet in pink crepe de chone, trimmed in silk lace and gracefully looped with flowers. She carried Mareschal Neil roses. The groom was in the conventional black. The ceremony was performed by the Rev. Frank Kehoe, this being the first time he has solemnized the marriage rites.

Immediately after the ceremony the bridal party left for "Camp Kenton," home of the bride, where they partook of a sumptuous breakfast. The happy couple leave for Paris, their future home, on the afternoon train. A reception will be tendered them at the home of the groom's father this evening.

THE Church Extension Board of the Christian Church built fifty-one houses of worship last year. The Board has helped by loans 195 churches. These 195 congregations raised on an average \$4 for every \$1 loaned them, which means that the money loaned by the Board called out at the rate of \$2,000 on an average for every \$500 loaned. Within the last five years the Board has had paid back from these churches in loans and interest about \$28,000.

IN the Police Court Wm. Wheatley was given four and a half days imprisonment for being drunk, Dennis Crow twenty-two and a half days for being drunk and disorderly, Wm. E. Poo six and three quarter days for being drunk, Joe Bodo and Charles Skinner sixteen and a quarter days for being drunk and disorderly and Nan Boyd, colored, four and a quarter days on same charge. Lotta Brazier was fined \$3 and costs for street walking and Fannie Haley \$5 and cost for being drunk and disorderly.

SPEAKING of the rendition of "The Pirates of Penzance" at that place last week, the Danville Advocate compliments a Maysvillian very highly. It says: "To Mr. Harry C. Curran, of Maysville, is due in a large measure the success of the performance, as he organized the club and expended untiring energy in perfecting every detail. Mr. Curran and Miss Martin of Lexington displayed theatrical skill and vocal powers rarely possessed by amateurs, and show that they would both make successes upon the operatic stage."

THE STRIKE IS ON.

The Scenes of 1891 Being Repeated Throughout the Coke Regions.

UNIONTOWN, Pa., April 3.—The storm has broken and the scenes of 1891 are being repeated throughout the coke region. The big coke strike with all its attendant rioting and destruction of property is now in full force. Yesterday the call of the Scottsdale convention was obeyed by more than half the works in the coke field and it took fully 5,000 men from their work.

The situation is now one of great peril throughout the coke section and more destructive outbreaks are expected at any time. The Scottsdale convention, according to official reports, did not declare for making the fight general until after noon. Yet the announcement of the order has swept over this region like fire, and there are few, if any works, however isolated or remote, at which the news is not now known.

The sum and substance of the opinions of both operators and employes is that there will be no ovens burning by tonight in all the coke-making region, and as it has been said, "Wednesday will see the air as clear in this country as it was before ever any coke was burned here."

The ranks of the strikers have been so reinforced that the lowest estimates give them 10,000 men.

From the outset the strike has been turbulent, with a tendency to open defiance of law. There was rioting in several quarters Sunday night. Since then it has grown steadily worse.

The men from the Oliver works left 1,500 tons of coke burning up in the ovens. The company, to save the property, attempted to put some men to work drawing the coke, when the strikers made a ferocious attack on them with stones and clubs, driving them from the grounds. In the melee several men were badly hurt. The Oliver people have telegraphed the deputies, and the works will be guarded hereafter. The coke will be drawn under protection of the sheriff.

The greatest outbreak was at the famous Hill Farm mines near here. About 400 foreigners from Morrell and Wheeler of the Cambria Iron company, armed themselves with guns, revolvers and clubs and started out to drive the men from the neighboring plants. They first visited the Humphrey works, and finding the men at work drove them away under the muzzles of pistols. One workman choose to stand at his post. He was given one minute to leave by a Hungarian, who covered him with a revolver.

After driving the workmen away they continued their march to Anchor, where the workmen offered no opposition and immediately left the works.

The next engagement was at Hill Farm. The men were quietly at work when the mob of infuriated Hungarians pounced down upon them, ordering them to leave at once. Some altercations followed, when the rioters enforced their demands by an attack in which half a dozen workmen were seriously injured. During the conflict 20 shots were fired. A negro was nearly brained by a stone, and very badly hurt.

After all the men had been driven away, the rioters began firing the shanties, but desisted at the frantic entreaties of the women and children. Superintendent Long of the Hill Farm had some of the Hungarians arrested for attempting to burn the property.

It is reported to labor leaders here that the movement now embraces the entire coke region, and not a plant will be allowed to operate without a struggle.

The strikers openly threaten to burn the plants rather than see them operated at present prices for labor, and if they attempt this loss of life will certainly follow. By tomorrow the strikers will muster 12,000 to 14,000 men, and in their present state of destitution they are reckless.

The civil authorities admit that they will not be able to cope with the trouble. The wildest of the wild foreign element is in virtual command. They openly declared it the purpose of the strikers to drive out every man who may want to work.

Total disbursements, \$31,137,320, as against \$31,633,482 for March, 1893, leaving a deficit for the month of March of \$6,294,763, and for the nine months of the present fiscal year of \$55,432,037.

As compared with March of last year there was a falling off in the receipts from customs of over \$3,300,000, from internal revenue of \$122,500, and from miscellaneous sources of \$344,622.

IT MAKES NO DIFFERENCE.

Governor White Appoints a Non-Resident Chief of Police For Denver.

DENVER, April 3.—Attorney General Engley applied to the supreme court yesterday afternoon for a writ of mandamus to compel Messrs. Orr and Martin of the old police board to turn over the property of the police department to Messrs. Mullins and Burgess, the governor's new appointees, pending the settlement of the question as to who are the legal members of the board.

The new board is waiting for some further action in the supreme court before attempting to perform business. It has decided, however, to remove H. M. Behrman as chief of police and appoint Senator Hamilton Armstrong. Armstrong is not a resident of the city, but Governor White says that makes no difference.

Professor Turnipseed returned thanks, bade adieu and left for a new field of life, highly honored and esteemed.

VANCEBURG, LEWIS COUNTY.

Doctor Wright, the dentist, from Portsmouth, is here doing considerable work in his line. It seems this would be a good place for a dentist to locate.

The stone foundation for T. H. Carter's new hotel is progressing finely and when finished will be one of the best in this city. From the present outlook Vanceburg is a going to have fine hotel accommodations.

The little town called Fairview about one mile east of here is becoming almost depopulated. Thomas Collier has moved his store and effects to Stone City, and one or two more families have also moved to the latter place.

T. B. Harrison is making quite an addition to his hotel on the northeast corner of Third and Main streets, occupied by T. R. Stricklett. This is the same hotel the C. and O. freight train ran into last summer and made such a wreck of, costing the railroad about \$1,200.

A few days ago two of the luminis and two of the Scotts and a man named Welch came to town and got full of tangle-foot whisky. On their way home there was a free fight and one of the Dummies struck Welch with a gun and broke his arm. The Dummies are now in jail awaiting trial at the May term of the Circuit Court. The Scotts have not yet been arrested.

CONCORD, LEWIS COUNTY.

Mrs. E. J. Rand is very sick at this writing.
 Mart Virgil has moved to the farm of L. C. Means.

The recent cold snap played havoc with the fruit here.

J. K. Carr, whose illness was mentioned some time ago, is still quite ailing.

The mill has again changed hands. Clark Bros., of Cincinnati, were the purchasers.
 Mrs. Mary C. Kirkland and little daughter, Nannie Belle, of Bernard, are visiting Mrs. J. R. Carr.

Mrs. Bettie Carr is in the Queen City this week selecting her spring and summer stock of millinery and notions.

Jesse, the three-year-old son of Jas. Thompson, stumbled and fell into the fire one day last week, badly burning his right cheek.

The residence of Wm. Sparks was discovered to be on fire last Saturday, but prompt action subdued the flames before any serious damage was done.

GERMANTOWN.

Mrs. A. P. Stiles and two little girls of May-sville are on a visit to their grandfather, C. Stiles.
 J. F. Walton is at Georgetown, O., giving the people an opportunity to see his trio of blooded stallions.

About three fourths of the tobacco beds are completely killed and farmers are busy rebur-ing and sowing. They have plenty of time to raise plants.

The unfettered turned out with old time enthusiasm on Saturday, polling a large vote. The complete returns from the county give Fields the nomination for County Judge by only seventeen majority. The county will be fortunate in having such a man to preside over its interests. He was a practicing lawyer for many years, was County Judge for one term, declining re-election was a member of the Constitutional convention, and withal is an honorable, worthy citizen.
 Robt. Minor received the nomination for Com-mittee Attorney which will be his fourth term. James Wiley for Assessor. J. Hallman for Jailor. T. M. Dora for Magistrate.

MOTIVE WAS ROBBERY.

Some Light Thrown Upon the Mysterious Murder at Pomeroy, O.

POMEROY, April 3.—The mysterious murder of Mrs. Elizabeth Slaughter here Saturday night has not been solved, although the crime seems to rest on one of three parties who are under strict surveillance. The motive of the murder was robbery, as it is now known the victim had at least \$100 about the house that day which was taken.

The coroner and prosecuting attorney are taking testimony. Great caution is observed by the officers as there would undoubtedly be a lynching if the right party was apprehended. Public feeling is at a high tension. It is expected that a sensational arrest will be made within a few hours.

The funeral of the victim took place yesterday and was attended by hundreds of people.
